The company started with delivering 430 customised Tata Xenon ambulances from the company's manufacturing units in Dharwad, Karnataka, to various military hospitals located at widely spread defence locations, including Jammu, Prayagraj, Guwahati, New Delhi and Durgapur.

Gurugram-based Chetak Logistics has forayed into the Multi-modal transportation model by venturing into the transportation of finished auto goods through road and railway transportation.

The company started with delivering 430 customised Tata Xenon ambulances from the company's manufacturing units in Dharwad, Karnataka, to various military hospitals located at widely spread defence locations, including Jammu, Prayagraj, Guwahati, New Delhi and Durgapur.

Mukesh Haritash, Director Chetak Group, said, "We are really proud to cross this significant milestone as Chetak Group debuts into the rail and multi-modal transportation segment. We cannot visualise a better way to enter the segment than transporting Tata's ambulances to our India's defence forces, travelling across many states on rail and roadways."

Over the last 18 months, Chetak Logistics has helped in transporting essential commodities across the country.

The group, located in Delhi, the national capital, has 60 offices and branches spread across India at major industrial hubs to provide effective solutions to its customers.
