Think Logistics Think Chetak

Chetak Group

Chetak Group is India's leading logistics and transport (L&T) Service provider since 1979, having offices across the country more than 15 lakh sq ft of warehousing area, a fleet of 2,100 transportation carriers, a high level of IT expertise, rich experience in integration of logistics services and state-of-the-art infrastructure. We move about millions consignments weighing a total of billions tons, and are the only L &T company that has its own fully mechanized automobile workshop, an in-house truck/ car carrier body fabrication facility, and training facility for drivers and technicians. Our business model rests on six pillars: Logistics, Supply Chain Management Solutions, Automobile Carriers, ODC, Warehousing & Distribution and Express services for Road, Rail, Air & Sea.

Our basic service model relies on the 'SS' - Service, Safety, Speed, Steadfastness & Solution provider. Spearheaded by our founder and CMD, Mr. JK Sharma, is committed towards providing

total logistics solutions and services to its customers, and giving them complete satisfaction through its team giving them complete satisfaction through its team of experts and highly motivated professionals. Chetak aims at setting benchmarks by providing customized solutions to clients, incorporating more flexible working models to adopt new quality practices, and adopting technology in order to achieve total satisfaction for its customers. To conclude, we at Chetak, deliver trust!

WE UNDERSTAND YOUR BUSINESS

Supply Chain Management

Chetak can leverage significant supply chain experience, acquired in over thousands client engagements since 1979, developing and implementing strategies for some of the world's top companies, and apply it to your organization.

We use our solid experience and understanding of the total supply chain by providing supply chain processes and plans that implement and control the efficient, effective flow and storage of goods, services and related information from the point of origin to the point of consumption in order to meet the customer's requirements. Chetak excel in physical supply, internal operations and physical distribution of goods and services, and our strong network of activities manages the orderly flow of material and personnel within the logistics channel.

Within a short period of time, we can:

- Identify SC strategies as per your specific company
- Analysis of current operations from suppliers to customers

- Deliver benchmarks against industry
- Develop operational designs & integration planning
- Establish improvement implementation through change facilitation or project management

WE **FIT** FOR ALL

Automobile Carriers

Chetak has grown to become the largest transporter of automobiles in the country. Covering 28 states and 7 Union Territories, Chetak offers an unprecedented level of services and commitment to moving our customer's vehicles. Our first and only goal is to pick-up and delivers the consignment safely and in a timely manner. We accomplish this by keeping the automobile companies informed of the entire auto transportation process through our efficient tracking system. From transporting vehicles just across the street to anywhere across India, Chetak carriers are designed and customized to carry anything from scooters, motorcycles, cars, Multi – Utility Vehicles to tractors. Our strong network spread across India helps us to deliver all types – big or small – of consignments for our clients through our own multimodal fleet of vehicles.

Started in 1985 with transportation of Maruti Udyog Ltd. Cars, one of the major players in the field of automobile industry, Chetak has come a long way, and today we are the first choice for almost all the leading national and international automobile brands in the country. Chetak has

probably won the maximum number of awards for its excellent Time – Bound services in automobile transportation. main features:

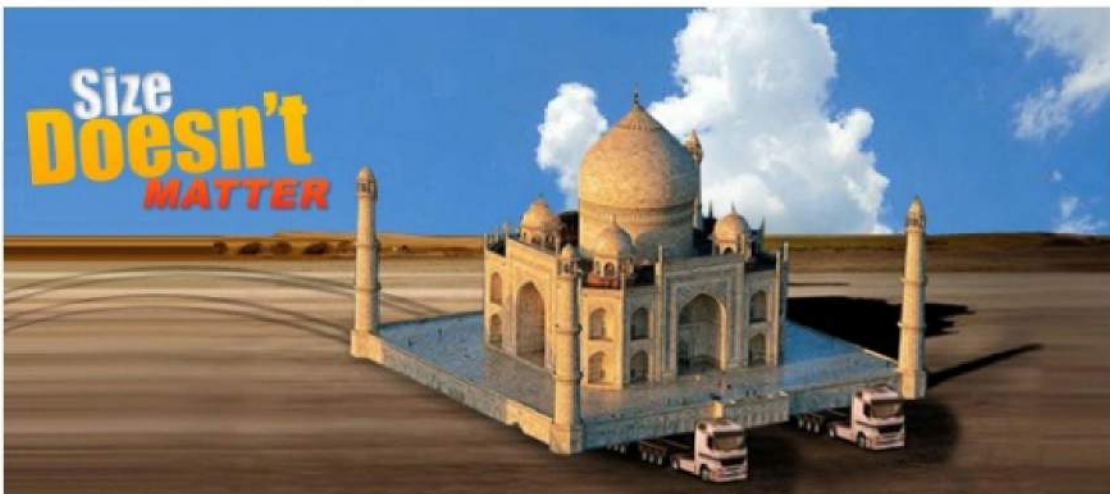

- ♥ Customized Automobile Solution
- ♥ Average fleet age less than 3 yrs
- ♥ Different size of fleet
- ♥ All fleets are GPS enabled
- ♥ Competitive rates

Awards

"Chetak has been given the 'Excellence in Performance Award' for 'Best On-Time Delivery' by Maruti Udyog Ltd"

**Size
Doesn't
MATTER**

Over Dimensional Consignments

With the exception of moving mountains, we can practically move anything and everything, by road, rail, air, sea from anywhere to anywhere within India. Our experts will draw a comprehensive plan to understand the nitty-gritty of your over dimensional consignments (ODC) requirements and then chart just the ideal route for transportation to help deliver the consignment in the most efficient and safest manner possible. For this, we have various sizes of vehicles like open trucks, normal trucks, Taurus, normal trailers, hippos, beavers etc. Our expertise includes, examining the route thoroughly to come up with a full-fledged feasibility report, which in turn gives us the time to prepare and remove the potential hurdles that come in the way of the smooth transportation of the consignment. Our vehicles are also uniquely equipped to handle the specialized needs of your ODC. Thus, while you sit back and relax in the confines of your office and site, we ensure that the consignment is delivered in the same condition at the time of pick-up.

Here are the main features of our ODC service:

- ♥ Experience in transportation of steel and machine & construction projects
- ♥ Service by trailers and open truck
- ♥ Time-bound delivery
- ♥ Backed by hi-tech online tracking system
- ♥ Best prices

Awards

"Chetak has been given the 'Udyog Ratna Award' by the Institute of Economics Studies"
